Achievement Unlock 3 is the latest achievement unlocking the game. It has 400 total achievements, 650 tablets, 10 rooms, 10 hamsters, 250 coins, 1,765 blocks, and a really grumpy hamster. (guinea pigs?) On the main menu before doing anything when you just refresh or something like that, it also shows all the achievements that everyone earns in the whole game. Place bad elephant text! Find me more tablets or I'll tie your trunk in a knot and put socks on your tusks. Some experimental dialogue for King Hamster. Without saying, he never threatened the players. Beat a chipp or something about cake Text that holds the place for achievements on the achievement menu.
